### Carlos

Hello, my name is Carlos! I am little and I am LOUD!  
Before you see a picture of me, let me tell you I'm happy and proud.

I'm a 12-year-old Chihuahua, so I have lots of years to live,  
And while I'm at it, let me say this, I have lots of love to give.

They use the word "abandoned," which means I was all alone,  
But now I want for nothing—just a head pat, a bed, and a bone.

My nose was broken years ago, and since then has not been straight.  
My tongue hangs out perpetually (which is not such a horrible fate).

I can still smell all I need to, and taste all the goody meals.  
Since laser, I run like the dickens (unlike Skippy, no need for wheels).

So my face is a little crooked, but I've been told I'm one of a kind.  
I give lots of crooked kisses ... the best kisses you'll ever find!

### Sherlock

Hello, my name is Sherlock; thanks to Dani, I now live here.  
I'm a happy-go-lucky Billy Goat and, boy, can I spread good cheer.

Chuckles and I are friends now; we really get along.  
We play in our Goat Ghetto playhouse, and bleat Stephen Foster songs!

We push the barrel all around, and sometimes we butt heads,  
But we've become the best of friends, and make hay our double beds.

Chuckles no longer teases the sheep—he used to drive them nuts.  
They eventually put him in his place; boy, they really have got guts!

A play area was built for us; it's better than Magic Mountain!  
Our treats are crackers and carrots  
(all we need is a champagne fountain).

It's five o'clock in the afternoon and the sun's setting in the sky,  
But there's still some time to gambol, so I have to say goodbye.

# Journey's End News

Winter was a great time to get some essential building maintenance projects finished. Our small but fiesty horse, Misty, never had a stall in her previous life, and the vets warned us she might panic if she were ever put in an enclosed space. So she now has a shelter that is open on one side, complete with ceiling fan, constructed with mostly donated lumber, roofing material, and paint. (Thanks, Lowe's!).

And we finished replacing some worn-out kitchen equipment, using partly donated supplies, and completed an unglamorous but necessary replacement of the septic drainfield.

In addition to the much-appreciated work of our new and longtime volunteers, many high school and college students have helped us out recently. The students applied flea preventative to all of our cats, and checked them for dental and ear issues. Other students painted some of our outside buildings, bathed and groomed the animals, and helped us with cleaning and grounds maintenance.

Our work never ends, but we feel ready to face the summer!

**When You Wish Upon a Star**

Never in our wildest dreams did we think our wish would come true. But thanks to an anonymous donor (you know who you are), Journey's End was able to acquire its own laser machine! (For those unfamiliar with its uses, the laser is very effective for inflammation ailments such as arthritis, back pain, gingivitis, wounds, snake bites, etc., etc., etc.) The laser enables the trained staff to provide on-site treatment to our animals, saving Journey's End countless hours on the road to the vet as well as vet expense and waiting time. However, each animal's treatment has been diagnosed and supervised by Dr. Long.

Still, all other veterinary expenses are very high, so our need remains great, and we are eternally grateful for your continuing support. We thank each and every one of you from the bottom of our hearts. You are the heartbeat of Journey's End, and our sanctuary could not exist without you.

**Journey's End is a non-profit 501(c)3 humane organization ensuring the lives of over 300 companion special needs animals from dogs and cats to horses and pigs! Every penny received goes to this effort and tax-deductible donations are our only income. All donors receive our newsletter.**
